

## WIRE-BREAK SAFETY DEVICE FOR DSA

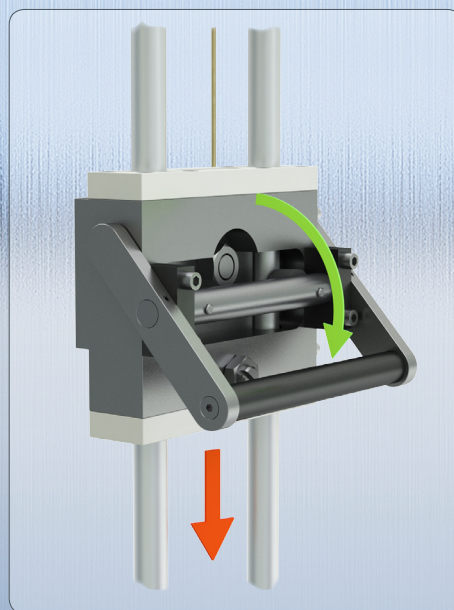

The wire-break safety device on the DSA prevents welding machines from making emergency stops.

### ADVANTAGES

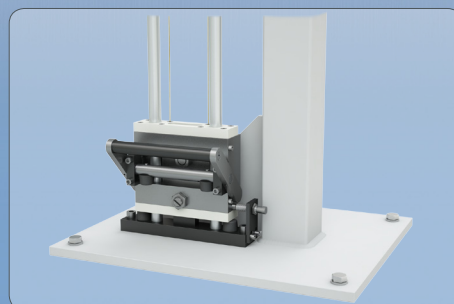

- no emergency stops on the welding machine in the event of problems with unrolling wire
- no loss of can bodies (simple line stop)
- increased efficiency
- no need to remove defective can bodies from the welding machine
- higher efficiency
- simple operation

Suitable for  
all machine types  
with DSA

Releasing the upper lock-in position

Lower lock-in position

Simple wire guide on pulley

Technology that keeps you ahead
