

ADVANCED SUCTION CUP

With this new development Soudronic launches an economic suction cup for the destacker that features an increased life time for low and medium range machines at reduced cost (AFB 200 / 600 and SOUCAN 100 - 760). When replacing the suction cup for the first time the installation of the conversion kit is necessary. After the first conversion only the suction cup must be replaced depending on occurring wear.

NEW, ECONOMIC SUCTION CUP FOR DESTACKER OF
AFB 200/600 AND SOUCAN 100 - 760

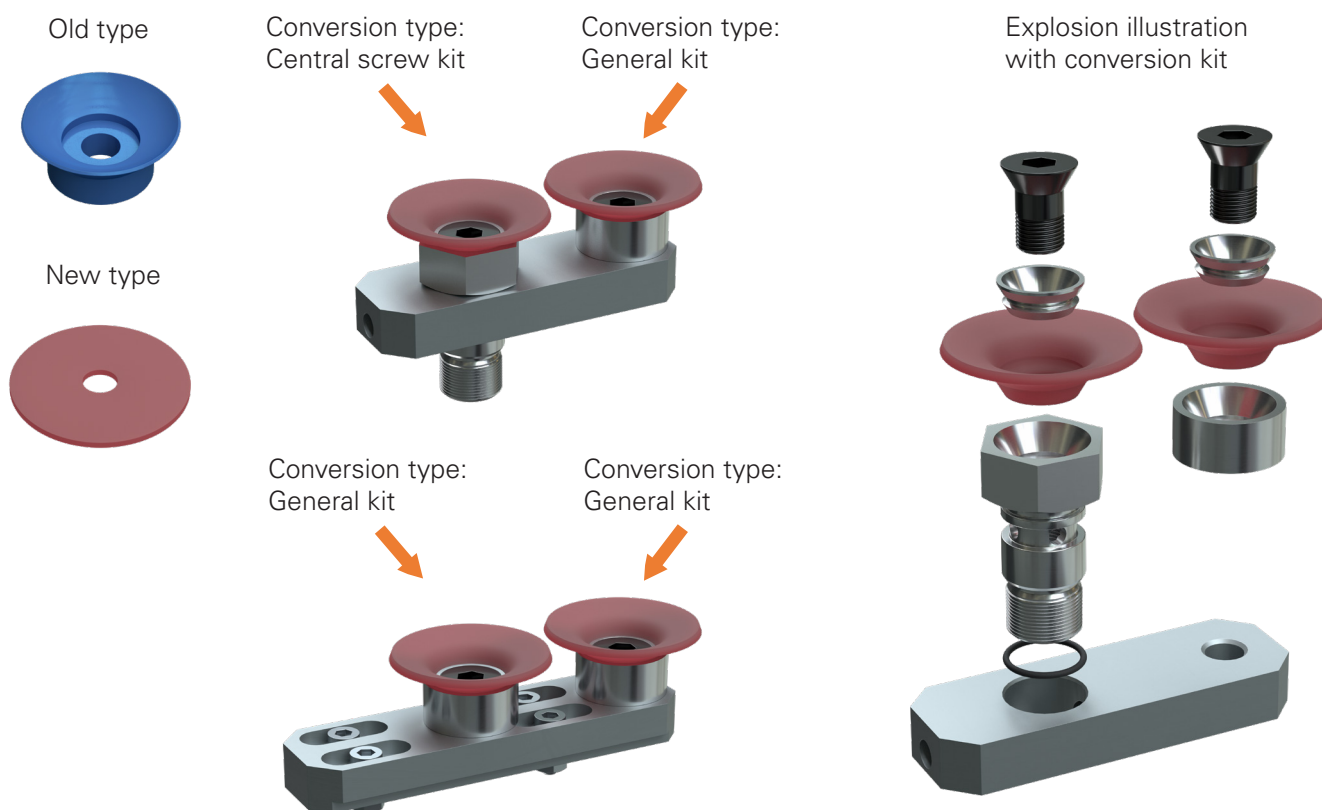

ADVANTAGES

- Reduced spare parts cost
- Increased lifetime of suction cup

RETROFITTING

Compatible with all:

- AFB 200 / 600 incl. SGL Types
- SOUCAN 600 / 760
- SOUCAN 100 / 100-LT

Technology that keeps you ahead

Soudronic
